

# Environmental Policy

## Environmental Policy Statement:

All Clean Limited is "a medium sized", private limited company which provides a high quality; customer focussed cleaning service to all its customers. We recognise that all human activities have an impact on the environment, and it is our policy to reduce the impact of these activities, to reduce our dependency on non-renewable resources and employ environmental considerations in business decisions.

## Policy principles:

The company is fully committed to the continual improvement of environmental performance and to pollution prevention. The principles which demonstrate how we implement our policy are:

- **Compliance:** To meet the requirements of relevant legislation in the areas in which we operate.
- **Management systems:** To implement effective and workable environmental management systems into the business, and to ensure the environmental awareness of our workforce. This is achieved through encouraging every employee to act in an environmentally responsible manner in the tasks they undertake.
- **Continuous improvement:** To improve the environmental performance of our business, by preventing and reducing emissions, minimising waste. We can confirm that all cleaning products used are fully compliant with all EU/UK legislation.
- **Sustainable development :** To contribute to sustainable development by using energy, water and raw materials more efficiently, thus optimising our use of natural resources.
- **Monitoring & reporting:** To monitor/ audit environmental performance and to report progress on policy objectives and improvement targets on a regular basis.
- **Suppliers & contractors:** To encourage suppliers and contractors to behave in a responsible manner and to maintain sound environmental practices.
